AREAS NOT INSPECTED PLEASE READ.

This report is an inspection for wood destroying pests and organisms to a furnished, occupied structure. Some areas of the structure were inaccessible for inspection due to furnishings, appliances, floor covering, and/or stored personal property. We did not inspect areas immediately under furnishings or appliances. We did not inspect the interior of finished walls or behind installed finished cabinet work. This structure contains slab flooring, and in slab floor type construction, it is possible for Subterranean Termite infestations to be concealed and not evident at the time of our inspection; therefore, we assume no liability for any infestations that are not evident at the time of our inspection. Our inspection does not include any electrical, heating, air conditioning, structural adequacy, pests other than wood destroying pest. We did not inspect mechanical systems of the structure and will not detect building code violations. The roof covering of the structure was not inspected. The plumbing was inspected, but only the leaks outlined in our report were found at this time. We assume no responsibility for leaks that occur after the date of this inspection. There may be health related issues associated with the findings reflected in this report. We are not qualified to and do not render an opinion concerning any such health issues. The inspection reflected by this report was limited to the visible and accessible areas only. Questions concerning health related issues, which may be associated with the findings or recommendations reflected in this report, such as the presence of mold, the release of mold spores or concerning indoor air quality should be directed to a Certified Industrial Hygienist. We ran the water at the upstairs fixtures for a brief period of time so that exposed plumbing and fixtures could be checked for leaks. However, we did not run the water long enough to detect leakage from any plumbing that was concealed. Any leaks found are referenced in the report. If interested parties desire, and only after concealed plumbing has been exposed, HomeGuard Incorporated will return to the property and perform further inspections. As is standard practice within our industry and since our inspectors do not carry a 30' ladder on their vehicle, the eaves, wood siding and wood windows above 11' were only inspected visually from the ground. Upon request and at an additional charge HomeGuard Incorporated will return to the property and further inspect these inaccessible areas by probing the wood members. The area under the water heater or furnace pedestal was not inspected. The inaccessible areas listed above which were not inspected will be inspected upon the owner's request and will be conditional to additional inspection fees.

WE GUARANTEE ALL REPAIRS DONE BY THIS COMPANY FOR ONE (1) YEAR AND FUMIGATIONS FOR A PERIOD OF THREE (3) YEARS FROM THE DATE OF COMPLETION WITH THE EXCEPTION OF PLUMBING, GROUTING, CAULKING, RAIN GUTTERS AND RE-SETTING OF TOILETS WHICH ARE GUARANTEED FOR 30 DAYS FROM THE DATE OF COMPLETION. WE CANNOT GUARANTEE WORK PERFORMED BY OTHERS. WE MAKE NO GUARANTEE AGAINST FUTURE INFECTIONS, ADVERSE CONDITIONS, OR CONDITIONS PRESENT BUT NOT EVIDENT AT THE TIME OF OUR INSPECTION.

THE EXTERIOR SURFACE OF THE ROOF WAS NOT INSPECTED. IF YOU WANT THE WATER TIGHTNESS OF THE ROOF DETERMINED, YOU SHOULD CONTACT A ROOFING CONTRACTOR WHO IS LICENSED BY THE CONTRACTORS STATE LICENSE BOARD.

NOTICE: Reports on this structure prepared by various registered companies should list the same findings (i.e. termite infestations, termite damage, fungus damage, etc.). However, recommendations to correct these findings may differ from company to company. You have the right to seek a second opinion from another company.

"This company will reinspect repairs done by others within four months of the original inspection. A charge, if any, can be no greater than the original inspection fee for each reinspection. The reinspection must be done within ten (10) working days of request. The reinspection is a visual inspection and if inspection of concealed areas is desired, inspection of work while in progress will be necessary. Any guarantees must be received from parties performing repairs." Work performed by others will be reinspected for a fee of \$195.00 for each trip out to the property. Open wall and open floor inspections are desirable if certification is required.

THIS IS A SEPARATED REPORT WHICH IS DEFINED AS SECTION I AND SECTION II CONDITIONS EVIDENT ON THE DATE OF INSPECTION. SECTION I CONTAINS ITEMS WHERE THERE IS EVIDENCE OF ACTIVE INFESTATION, INFECTION, OR CONDITIONS THAT HAVE RESULTED IN OR FROM INFESTATION OR INFECTION. SECTION II ITEMS ARE CONDITIONS DEEMED LIKELY TO LEAD TO INFESTATION OR INFECTION BUT WHERE NO VISIBLE EVIDENCE OF SUCH WAS FOUND. FURTHER INSPECTION ITEMS ARE DEFINED AS RECOMMENDATIONS TO INSPECT AREA(S) WHICH DURING THE ORIGINAL INSPECTION DID NOT ALLOW THE INSPECTOR ACCESS TO COMPLETE HIS INSPECTION AND CANNOT BE DEFINED AS SECTION I OR SECTION II.

Section 1 Items

1A. FINDING: The barge rafter(s) as indicated on the diagram are damaged by fungus. The contributing moisture source appears to be exposure to the weather. [\(See Photo 1\)](#)

RECOMMENDATION: Remove and replace a section of the damaged barge rafter(s) to correct this [Estimated Cost](#) condition. This bid includes repair of the roof covering if disturbed by our repairs. If existing gutters need to be removed to perform the repairs then our bid also includes reinstallation of original gutters. If it becomes necessary or desirable to install new gutters this will be done only if authorized and at an additional cost. The guarantees on the roof covering are limited to the areas where the work was performed.

***** (SECTION 1 ITEM) *****

1B. FINDING: The shelf under the right sink in the master bathroom has been damaged by fungus. [\(See Photo 2\)](#)

RECOMMENDATION: Remove and replace the shelf as necessary. NOTE: If during the course of our [Estimated Cost](#) repairs to the sink shelf, it becomes necessary to modify/repair the adjacent plumbing facilities a supplemental report and bid will be issued.

***** (SECTION 1 ITEM) *****

Section 2 Items

2A. FINDING: There is a gap between the tub spout and wall covering at the downstairs hall bathroom and upstairs hall bathroom.

2B. FINDING: There is evidence of water leakage around the master bathroom shower

RECOMMENDATION: Reseal this enclosure in the most practical way. With this type of enclosure, we
Estimated Cost cannot guarantee to stop the leakage only to control it. It will be the owners responsibility to maintain this enclosure in a waterproof condition.

***** (SECTION 2 ITEM) *****

NOTE: In our opinion, item(s) listed in this report may require a building permit. If it becomes necessary to install smoke detectors and/or carbon monoxide detectors, this will be performed and charged at \$150.00 per detector. Should the local building department require additional changes or repairs not outlined in this report, there will be an additional charge.

NOTE: HomeGuard Incorporated assumes no liability for, nor do we guarantee work performed by others. All guarantees, warranties, and permits if required should be obtained from the parties performing the repairs.

NOTE: If any of the wood repairs outlined in the above report are done by others, an open inspection must be performed by this company if a certification is desired.

NOTE: Unless stated otherwise, HomeGuard Incorporated bids include texturing and priming repaired areas. We will cover repaired sheetrock and wood with one coat of primer for the contracted amount. The repaired area can be painted in a finished color at an additional charge if the owner supplies the paint. Please inquire about this service when scheduling the work. Any texturing will vary from the original texture however we will match as close as possible. All painting will be on the area repaired only. On exterior surfaces texturing and painting will only be done when the weather permits.

NOTE: If damage is found to extend into any inaccessible areas a supplemental report will be issued listing additional findings, recommendations and bids.

NOTE: Due to the building materials used on this structure, it may be difficult to match the existing mill patterns and materials used in the original construction. HomeGuard Incorporated will replace damaged wood members with material that resembles the existing wood members with standard grade readily available wood members. IF MATCHING THE EXISTING WOOD MEMBERS IS DESIRED IT IS THE OWNERS RESPONSIBILITY TO NOTIFY HOMEGUARD INCORPORATED SO THAT ADDITIONAL COST ASSOCIATED WITH MATCHING CAN BE CALCULATED INTO OUR BID.

NOTE: The attic was insulated; therefore, our inspection is limited to the visible and accessible wood members only.

NOTE: A tiled surface was noted over the bathroom floors. There is no outward sign of infestation or infection however we cannot represent the condition of floors beneath the tiled areas.

NOTE: This property has recently been painted. We assume no responsibility for any infestations or infections that may be concealed by this fresh paint.

NOTE: Thank you for choosing HomeGuard Incorporated to perform your inspections. If you have any questions regarding this report, please e-mail tlovelace@homeguard.com.

NOTICE TO OWNER

"Under the California Mechanics Lien law, any structural pest control operator who contracts to do work for you, any contractor, subcontractor, laborer, supplier or other person who helps to improve your property, but is not paid for work or supplies, has the right to enforce a claim against your property. This means that after a court hearing, your property could be sold by a court officer and the proceeds of the sale used to satisfy the indebtedness. This can happen even if you have paid your contractor in full if the subcontractor, laborers or suppliers remain unpaid. To preserve their right to file a claim of lien against your property, certain claimants such as subcontractors and material suppliers are required to provide you with a document entitled "Preliminary Notice". General contractors and laborers for wages do not have to provide this notice. A Preliminary Notice is not a lien against your property. Its purpose is to notify you of persons who may have a right to file a lien against your property if they are not paid. You can protect yourself from such claim by requiring your contractor to supply you with a payment and performance bond prior to commencing any work of improvement and/or requiring your contractor to provide you with an unconditional lien release signed by each material supplier, subcontractor, and laborer involved in that project phase before making payment on the completed phase of the project."

NOTICE

"The charge for service that this company subcontracts to another registered company may include the company's charges for arranging and administering such services that are in addition to the direct costs associated with paying the subcontractor. You may accept HomeGuard Incorporated's bid or you may contract directly with another registered company licensed to perform the work.

If you choose to contract directly with another registered company, HomeGuard Incorporated will not in any way be responsible for any act or omission in the performance of work that you directly contract with another to perform."

BINDING ARBITRATION PROVISION

Any dispute, claim, or controversy arising out of or relating to this agreement or the breach, termination, enforcement, interpretation, or validity thereof including the determination of the scope or applicability of this agreement to arbitrate, shall be determined by arbitration in the county of the property mentioned in this contract before one arbitrator. The arbitration shall be administered by JAMS pursuant to its comprehensive arbitration rules and procedures. Judgement on the award may be entered in any court having jurisdiction. This clause shall not preclude parties from seeking provisional remedies in aid of arbitration from a court of appropriate jurisdiction. The parties agree that the arbitrator shall be a retired judge from the county in which the arbitration takes place.
